

## **Takoyaki Pick**

**Product code: Non-stick\_Aluminium\_Takoyaki\_Pan\_Pick**

Please read the precautions carefully before using this product and use it correctly. Keep these instructions in a safe place for reference.

### **▲ Handling precautions**

Improper handling may lead to accidents, please follow the manufacturer's instructions.

- Always take care when using near a flame, cooking equipment and hot surfaces.
- Before use, check for any looseness or damage. Remove from the packaging and wash before using for the first time.
- Only use within the specified safe temperature range as shown below. If the oil in the pan becomes overheated, this may cause the heat resistance temperature to be exceeded, causing the product to melt or deform.
- Do not place in or near a naked flame as this may cause the product to deform or become damaged.
- Do not press hard on the pick.
- This product is intended to be used for cooking takoyaki. Do not use it for any other purpose.
- Keep out of the reach of children.

### **▲ Care instructions**

- Do not subject the product to excessive force or shock, such as dropping it or hitting it against a hard object, as this may cause deformation or damage to the product.
- If the product is deformed or damaged, do not attempt to repair or modify it and stop using it immediately.
- After use, wash by hand with dishwashing detergent, rinse and dry before storing.
- Do not wash in a dishwasher.

## **▲ Specification**

Product size: 18cm long x approx 2cm at the widest point.

### **Materials:**

Handle: Polypropylene, heat resistant up to 120°C, cold resistant up to -20°C

Pick: Nylon, glass fibre, heat resistant up to 200°C, cold resistant up to -20°C
